

June Themed Walk

Friends of Geelong Botanic Gardens

SPICES, TASTES AND FLAVOURS

While some plants provide our staple grains and pulses, other plants have been cultivated for millennia to make those staples more interesting and attractive. Using these plants to improve our eating experience enhances our daily lives. On this walk we shall take a look at plants with a history of culinary value in the kitchens of the rich and the poor. Meet your Guide at the front Steps of the GBG. Gold coin donation.
