

# OCTOBER THEMED WALK

Friends of Geelong Botanic Gardens

## 'AUSTRALIA'S ICONIC PLANTS'

Fire, flood, drought, heat and impoverished soils – How did these factors mould Australia's unique Plants? Come on a walk through Geelong's beautiful gardens and discover how some of our remarkable plants didn't just survive, but thrived, by taking advantage of what the environment has to offer. As a bonus, many are in flower this month.

**When:** Sunday 14 October 2018

**Time:** 2.00 pm

**Where:** Meet your Guide at the front steps of the GBG

**Cost:** Gold coin donation
