

GUEST SPEAKER @ GBG

Lyndi Garnett – Salvia Study Group

Friends of Geelong Botanic Gardens

‘The Variety and Diversity of Salvias’

Wednesday 18 April, 1.30 pm

Light Lunch at 12.45 pm

Meeting Room at the rear of the Gardens

Join the Friends to hear Lyndi Garnett from the Salvia Study Group give an illustrated talk on the variety and diversity of Salvias. There is a Salvia to suit every niche in a garden, whether it's in the sun or a dappled shady position. With a bit of planning, it is possible to have a salvia in flower in the garden all year round. In the Meeting Room at the rear of the Gardens.

Plants will be available for sale.

\$5 members or \$10 non-members

RSVP by Friday 13 April 2018
